

4600 SP Airless™ Self-Propelled Striping Machine 10003031

Benefits

No More Pushing

Get more done with less fatigue. The simple friction drive pulls the striper over uneven surfaces and up inclines.

Brighter Lines

The fully adjustable pump allows you to apply the perfect amount of pressure to produce high-quality lines without wasting paint.

Easy to Use

The airless pump pulls paint directly from any standard 5-gallon pail. Its universal lid snaps on to prevent spills. A single lever easily engages the drive, and relieves operator fatigue when striping long lines on paved areas or athletic fields.

Hassle-Free Clean Up

Color changes and clean up can be done in less than 5 minutes. Simply remove the pail with unused striping paint, place a half-filled pail of water or solvent (depending on the paint) on the machine, and flush the system.

Overview

The **4600 Airless™ Line Striping Machine** outperforms other striping machines costing thousands more. The fully adjustable pressure pump lets you spray without wasting paint and handle mounted controls let you stripe without time consuming set up.

- Easily stripe Parking Lots or Athletic Fields like a pro.
- Self-propelled, variable speed friction drive.
- Hydraulic driven pump is non-pulsating so you get the best line edges possible.
- Innovative design is easy and inexpensive to maintain.
- Proudly Made in the USA & Free Shipping Available

Product Specifications

| | |
|------------------------|---|
| Application | Pavement Striping & Athletic Field Striping |
| Spray Pump | High Pressure Airless (0-3000 psi, 0.44 gpm) |
| Propulsion | Self-Propelled Walk Behind |

| Paint Capacity | 5 Gallon |
| Wheels | 10" Pneumatic, four-wheel design |
| Origin | Proudly Made in the USA |
| Warranty | 36 Months |
| Dimensions | 54" L x 32" W x 38.5" H |
| Ship Dimensions | 57" L x 25" W x 44" H |
| Ship Weight | 190 lbs |

4600 SP Airless™ Self-Propelled Striping Machine

10003031

Product Features

| | | |
|-------------------------------|---|---|
| <p>Brighter Lines</p> |  | <p>The fully adjustable (0-3000 psi) airless pump lets you control the perfect pressure for all paint, thinned or non-thinned. The result is a higher quality line without wasting paint. Plus, the hydraulic driven, non-pulsating pump gives you the best line edges possible. Eliminates ragged and scalloped edges common with a pulsating pump.</p> |
| <p>Versatile</p> |  | <p>A quick release clamp allows you to remove the spray gun to paint stencils, curbs, and hard to reach areas with the 25' extension hose. An optional HashMark Master (sold separately) attaches to the machine to create perfect hash marks on athletic fields.</p> |
| <p>No More Pushing</p> |  | <p>The 4600 SP Airless Self-Propelled Striping Machine is in a class of its own. Powered by a 127cc Brigg & Stratton 550XR Pro Series engine (standard) or optional Honda GX120 engine (upgrade), it is ideal for athletic fields or large pavement striping jobs when pushing is not ideal. Get more done with less fatigue as the simple friction drive pulls the striper over any surface.</p> |
| <p>Easy Clean Up</p> |  | <p>The optional 1-gallon cleaning tank (sold separately) lets you clean your spray gun and hoses without leaving your job site or field. It quickly and easily attaches to the right side of the machine.</p> |
