

DirtMedic™ Infield Drag & Groomer 10003315

Benefits

Easy to Use

Hand operated adjusting wheel controls cutting angle and depth without tools.

Fast & Efficient

Quickly level infields and fill in low spots using its 48" wide cutting path and 60" wide finishing path.

Built to Last

Proudly Made in the USA with welded steel construction and quality components to provide years of trouble-free service.

Overview

The **DirtMedic™ Infield Drag & Groomer** is specifically designed for use with lawn tractors, light utility vehicles, and ATVs to fill and level baseball and softball infields. With a 4-foot wide cutting path and a 5-foot wide grooming brush, it will deliver a clean, smooth infield that is ready for play.

- 48" wide cutting path & 5/8" harrow spikes efficiently produce a smooth playing surface.
- Hand operated adjusting wheel controls cutting angle and depth without tools.
- Two 12" diameter pneumatic wheels easily raise and lower unit for towing.
- Convenient ballast trays for added weight using cement blocks.
