

NewRider™ 5000 Airless Riding Field Line Striper

10003033

Benefits

Versatile

A quick release clamp allows you to remove the spray gun to spray stencils, small curves, and hard to reach areas with the 25' extension hose.

Convenience & Comfort

Easily enter and exit the machine with the adjustable tilt steering column. Its 2-position high back seat with driver controls for ignition, throttle, and parking brake, and a cupholder keeps everything within arms reach. Seat-based foot pedals control forward and reverse speed, spray gun activation, steering column lock, and lifting-lowering the spray head.

Powerful

Powered by a Honda GX390 engine with electric start power and backup recoil, a hydraulic transaxle, and 3000 psi, high pressure airless spray pump.

Quick Color Change

The 2.5-gallon purge tank makes it easy to spray a second color Plus, this tank can also be used to clean the spray gun and hoses right in the field.

Overview

The **NewRider™ 5000 Airless Riding Field Line Striper** is the first true ride-on airless field striping machine designed exclusively for all natural and artificial turf fields. Backed by decades of industry knowledge, the NewRider 5000 stripes fields quickly and easily.

- Full adjustable pump allow you to set the perfect pressure to get complete coverage of the turf and not the soil.
- Spray gun placement near the pivot point means less movement and straighter, more consistent lines.
- Floating swivel caster allows spray gun to follow ground contours while maintaining line widths over rough terrain.
- Proudly Made in the USA and Free Shipping is available.

Product Specifications

Product Features

<p>Easy Clean Up</p>		<p>The onboard 2.5-gallon purge tank lets you clean your spray gun and hose right in the field and the inline filter keeps the system running without frustrating clogs.</p>
<p>50-Gallon Paint Tank</p>		<p>The large 50-gallon onboard paint tank allows you to spend more time painting and less time refilling your paint supply. A single tank provides enough coverage to paint up to 9 regulation soccer fields or 5 football fields.</p>
<p>Paint Efficiency</p>		<p>NewRider's 3000 psi, high pressure airless pump atomizes paint more efficiently than lower pressure stripers. This allows for nearly 30% more coverage per gallon of paint at 450 linear feet per gallon, making NewRider stripers one of the most efficient ride-on athletic stripers on the market.</p>
<p>Ergonomically Designed</p>		<p>The NewRider 5000 boasts a number of features to ensure operator comfort. A Hydrostatic Drive allows for smooth speed transitions and limits jerking. The fully adjustable steering column and seat ensures that operators of any size can easily operate the machine.</p>
