

## Safe2Filter™ Drum Vent Filter

10004989 - Single

10004898 - 2Pack

### Benefits

#### Regulatory Compliant

The Safe2Filter is compliant in all 50 states and conforms to OSHA, EPA, and California regulations.

#### Long Lasting

With more carbon media than many other drum vent filters on the market, Safe2Filter lasts longer.

#### Environment Friendly

Safe2Filter's cellulose housing is 96% biodegradable, may be recycled more easily, and decomposes naturally.

#### High Flow Rate

Safe2Filter has high flow rate which minimizes the potential for over pressurization of the collection drum during operation.

### Overview

The **Safe2Filter Drum Vent Filter** is a popular carbon filter that works with NewStripe's AeroVent Standard Aerosol Can Disposal System. Its revolutionary design includes a safety check value that keeps the operator safe and prevents harmful vapors from escaping.

- Lower priced and lasts longer than other competitive filters.
- Activated carbon absorbs more VOCs and harmful vapors.
- Integral coalescing element traps liquids before they reach the carbon media to prevent clogging and extend filter life.
- Fully replaceable by removing filter cartridge from the reusable top and base.

### Product Specifications

<b>Application</b>	Aerosol Can Disposal
<b>Compliance</b>	Compliant in all 50 states and conforms to OSHA, EPA, and CA regulations
<b>Composition</b>	Cellulose housing & activated carbon media
<b>Filter Life</b>	600 cans processed or 90 days
<b>Origin</b>	Proudly Made in the USA
<b>Ship Dimensions</b>	Single: 12" L x 4" W x 4" H 2Pack: 9" L x 8" W x 4" H
<b>Ship Weight</b>	Single: 2 lbs 2Pack: 3 lbs

# Safe2Filter™ Drum Vent Filter

10004989 (Single) & 10004898 (2Pack)

## Product Features

<p><b>Universal Design</b></p>		<p>The Safe2Filter drum vent filter is compatible with most manual, single-can aerosol can disposal systems, including Newstripe’s AeroVent Standard system. The reusable base is made to fit the 3/4” opening on any steel drum.</p>
<p><b>Safety Check Valve</b></p>		<p>The Safety Check Valve closes the filter outlet to comply with OSHA, EPA, and California regulations requiring the drum to be closed when idle to prevent harmful vapors from escaping.</p>
<p><b>Environment Friendly</b></p>		<p>The Safe2Filter’s cellulose construction is 96% biodegradable, may be recycled more easily, and decomposes naturally. Other drum vent filters that are plastic encased may require more extensive disposal processes.</p>
<p><b>50-State Complaint</b></p>		<p>Unlike other drum vent filters, Safe2Filters are compliant in all 50 states and confirm to OSHA, EPA, and California SB1158 regulations.</p>
